After Board—100 Long Island Railroad, 55, 14.

THURSDAY, May 1, P. M. There was an active market to-day at the Stock Beard, with a strong disposition to sell. The activity on call loans has forced considerable stock on the mar ket, and has emboldened the bears to sell short again. The decline is very general but not very large, exceptin a few instances. After the Second Board the market was still lower, but at the close there was a recovery to some extent in the leading fancies. Erie, which had fallen to 561. recovered to 561, a decline of 1 17 cent since yesterday. Reading was 90%, which is 1 F cent decline. This stock is quite steady in view of the general decline of the market. Hadson River is also steady at 34. New-York Central has declined materially within a few days, from 931 to 911; - Some strong parties, however, are believed to be buying. Panama recovered to 103, under the fuller detail of the Istamus news and the impression that our Government will interfere to prevent further outrages. The Western shares were all heavy, and fell off 1 to 2 \$ cent. The sales, however, were not large, excepting of Cleveland and Toledo, which closed at 764. Nicaragua is steady at 14. In Railroad bonds there was but little done, and the market was heavy; only 3,000 Illinois Central sold at 871 2871. The business in State stocks was large, reaching \$150,000, of which \$120,000 were Virginias at 931 and 93, seller ninety. The bears were rather disposed to sell. State stocks short.

The Exchange market is steady, but quiet. Sterling, 9 20 10 P cent; Francs, 5 18 2 25 16 1. We hear that some produce bills have come back by the las steamer or two, which has checked the negotiation of that description of bills. There is a large amount of Cotton held at the South, and in transitu, against which Exchange has not yet been drawn, and which a considerable supply must sooner or later be

In Freights, we notice 500 bbls. Flour for Liverpool at 15d., and Heavy Goods 15s., and Cotton at 1 @ 3-16d.; for London, Flour at 2s., and 200 bbls. Oil at 27e. 6d. & tun of 250 American gallons.

27s. 6d. & tun of 250 American gallons.

The business of the Sub-Treasury was: Paid, \$140,861-34, including \$17,500 California Drafts; received, \$176,066 66, including \$50,000 for Transfer Draft on Boston; balance, \$9,553,076 98; paid for Assay Office, \$2,492 31; pard on disbursing checks, \$75,918 51.

There has been a transfer draft from New-Orleans on our Sub-Treasury received, but it has not yet been presented for payment.

Seventy-nine thousand dollars State of Michigan "General Fund Bonds," falling due on the 5th inst., will be paid at the Phenix Bank, N. Y., on and after that day, on presentation. In consequence of the illness of the purser of the

eteamer Illinois he was unable to prepare copies of the consignments of specie brought by that vessel. The following is from the office of the Company: FROM GOLDEN AGE.

	and how	this ship is doubtle	

The amount received by this ship is doubtless over two millions. A very large portion of this gold was in coin. The Assay Office had received up to 3 o'clock, about \$500,000 in dust and unrefined bars. The Deposits in the Assay Office by passengers have been larger than for several steamers past.

The Third Avenue Railroad has declared a dividend of 2 ? cent., payable on the 10th inst.

The Baltimore and Ohio Railroad has declared a dividend of 3 P cent., payable on the 5th inst.

The operations of the United States Branch Mist in San Francisco, for March, were as follows:

were \$849,826, of which \$751,300 was in gold. The coinage was, Gold \$1,115,027, Silver \$450,000, Copper

The United States Treasurer reports the amount on hard, subject to draft on the 21st ult., as \$24,885,000. The Bank of the State of New-York took possession yesterday of their new banking house, corner of Wil-

liam street and Exchange place.

The extent of the payments at bank in liquidation of indebtedness and the activity of banking transactions generally is shown in the large settlements at the Clearing House, which were to-day \$28,582,000. Next Saturday it is believed will be the heaviest day for payments into bank ever known in this city. The bills falling due on the 3d and 4th of May are larger than ever before known. One bank, the Metropoli tan, will receive \$775,000 from its bills receivable, and another, the American Exchange, about \$600,000. Ten of the city banks will receive over 450,000 each. The amount of spaper maturing on the 4th May is al-

ways large, but this year it is believed will be larger

The building occupied by the Fulton Bank, at the corner of Fulton and Pearl streets, for the past thirtyfour years, is now in process of demolition, and will be succeeded by a spacious fire-proof edifice, with a front of fifty feet on Fulton street, and the same on Pearl street, at a cost of about \$40,000. The B-

present, "" il transact business at and John streets. There is a larry ly increased activity in call loans, and the Mone, market is affering one of those sudden spasms which are the ratural result of an inconsiderate expansion of loans by the Banks. Without, as yet, any rai scare y of money, the difference between svery and demandis daily becoming less, and the free calling in of some of the Banks keeps parties in the street who are carrying large amounts of stocks suf-ficiently busy in changing their loans. This contraction has been partly occasioned by the drain on the bank vaults for foreign shipment, and partly by the drawing down of country bank balances which is now going on. We shall not be surprised to see the contraction of loans by the next weekly statement equal to a million and a half of dollars. The activity of money to-day has been increased by the payment of California drafts by the Illinois, and by the prepara-

tions for Saturday. Call loans are quiet at 7 \$\psi\$ cent. Paper feels the effect of the demand, and is about 1 P cent dearer. First-class names go at 8 29 F cent. The Independent gives the following list of failures: The Independent gives the following list of failures:
Johnson, Lothrop & Co., Portland, Me., suspended;
liabilities \$100,000, assets about \$120,000; men of
high integrity. The senior member of this firm is extensively known throughout the State as an active,
public spirited, influential man; and all his creditors,
as far as called upon express a willingness to give him
the sole control of matters, with the view of making a
speedy settlement. No companying a proposed speedy settlement. No compromise is proposed.

Boyd & Brother, Philadelphia, Pa.; failed; liabil
ities about \$170,000. Worthy, honorable men. Their
misfortune has called forth the sympathy of a large circle of influential friends, which, if it is sincere, will take such substantial form as will result in their speedy

Robert Hendry, Providence, R. I.; failed; offers 25 Ira C. Baldwin, Rochester, N. Y.; feiled and assigned. Richard Magee, Philadelphia, Pa.; failed, and it is

Richard Magee, Philadelphia, Pa.; failed, and it is said is to be sold out by the sheriff.

Jonas Heilbroner, Cairo, N. Y., saspended and assigned; has left the place; the creditors, it is thought, will break the assignment.

A. M. Ward, Hartford, Conn., failed; goeds attached, and he disappeared.

P. V. Hall, Hartford, Conn., failed; no particulars.

H. N. Phettiplace, Chicopee, Mass., suspended, and put his property out of his haads.

William Snyder, Virgil, N. Y., suspended and assigned.

James A. Lee, Flemming-burg, Ky.; suspended and

assigned; liabilities about \$25,000; assets, \$10,000 to 12,000; confidential secured about \$3,000.

H. Sickles, Fond du Lac, Wisconsin; suspended.

— Coons, Scranton, Pa.; failed and assigned to his father-in-law.

E. D. Canfield, Waukesha, Wis.; failed and assigned assigned.

Henry Buchecker, Richland, Pa.; suspended and

assigned.

John Watson, New-Hope, Penn.; suspended.

A. M. Van Arsdale, Martinsburg, Va.; suspended and assigned; liabilities large.

John W. Boyd, Martinsburg, Va.; suspended and assigned; an old merchant; expects to pay in full.

Nace & Rennie, in liquidation, New-York; sus-

Nace & Coe, New-York; suspended.

There is a continuance of the improved feeling in Flour, and 25c. advance has been realized on the low grades. The demand is more active both for home use and for export. State brands are €5 50 20 €5 814, and \$8 50 @ \$10 for best extra brands. There is also an improvement in southern brands, with more doing at \$6 25@ \$6 87]. The transactions in Wheat are more extensive, and holders are firmer. Among the sales are 9,200 bush, good to prime white southern at \$1 762 \$1 80, and 6,000 bush, prime white Canadian at \$1 87. Corn is firm at 61c. 264c , with good demand. The Pork market is inactive buyers holding off for lower prices. Beef is in fair demand and steady. Cut Meats are buoyant. Lard has an improved tendency, sales of 400 bbls. at 10c. #104c. offee is quiet in anticipation of the public sales. 6]c, w8]c., which shows a firm market. Cotton is leactive, and holders, to make sales, have submitted to a decline of ic. 4' lb. It appears to be generally conceded that the crop of 1855-56 will be three and a half millions of bales. The excess of receipts over reduced to 909,000 bales, and this amount is likely to be still further reduced. The receipts are falling off at New-Orleans, being for the last week only 23,000 bales, against 45,000 bales the previous week. The aggregate receipts are now 3,142,000 bales, against 2,230,000 bales last year and 2,459,000 the year before. The aggregate exports are 2,200,000 bales, against 1,585,000 bales. The stock and, 550,000 bales, against 354,000 bales. The result is an increase of freights at the ports over last year, 912,000 bales; over 1853, 167,000. Exports Increase to Great Britain, 327,000 bales; compared with 1853, 106,000. Increase to France, 101,000; compared with 1853, 66,000. Increase to other foreign ports, 196,000; compared with 1853, 125,000 bales. With the increased stock, should the crop reach three and a half millions, we have still 460,000 bales to sell,

We hear of no failures to pay coupons due to-day, excepting the transactions we spoke of yesterday, and we hear that the road then not named will probably pay to morrow. We therefore still refrain from men-

compared with this time last year. We have already

exported 620,000 bales more than last year, equal to

The Reading Railroad publishes to-day a new table of tolls, showing a reduction of 15 cents & tun on coal from Mount Carbon to Richmond, the drawback previously allowed on coal shipped from Richmond being withdrawn. The new rates go into operation on the 5th inst, and will continue until June 30.

We have received the annexed card from Messrs, Fitzhugh and Littlejohn of the old Oswego line.

Fitzhugh and Littlejohn of the old Oswego hue.

To the Editor of The N. Y. Tribune.

Sir: I beg to inform you that the delay in the completion of the work on the Oswego Canal between Greenpoint and Liverpool in no way affects the shipments by the "Old Oswego Line," who for several years have used the Oneida Lake route, leaving the Eric Canal at Higginsville, a little west of Rome, and uniting with the Oswego Canal at Three River Point, 23 miles above Oswego.

Truly yours.

New York, May 1, 1856.

The Secretary of the Chicago St. Paul and Fond.

The Secretary of the Chicago, St. Paul and Fonddu-Lac Railroad Company has addressed the following letter to The Boston Daily Advertiser, in regard to the statement which we copied from that paper a few

CHICAGO, ST. PAUL, AND FOND DU LAC RAULROAD CO., 3 No. 12 Wall, STREET, New York, April 23, 1936. 3 SIR: In your paper of the 19th inst., the following statement is made on the authority of, or as quoted from The Janesville Wisconsin City Standard, viz:

from The Janesville Wisconsia City Standard, viz:

"The present Chicago, S. Paul, and Fond du Las Railroad, Company purchased out the Rock River Valley Union Railroad, and assumed the liabilities. By a contract existing now between the latter Company and the City of Janesville, they are to pay the interest upon the Bonds of the City of Janesville, waterver they may be, and by whamever they may be held. They have refused to do so, and the reputation of the City of Janesville is now suffering in consequence of their neglect."

The above statement is not true. The Chicago, St. Paul, and Fond du Lac Railroad Company were not the purchasers of the Rock River Valley and Union Railroad, nor have they assumed its liabilities.

Nor have they in writing or otherwise, contracted with the City or any other parties to pay the interest on the Bonds of the City of Janesville. Nor is it on account of any failure or reglect of this Company that the reputation and credit of the City of Janesville is now suffering.

Negotiations on the subject have been pending be-Negotiations on the super nave oven pending bewen the City and this Company, but have not yet resulted in any contrast; and they cannot be consummated without aid from the Legislature of Wisconsin, which with without doubt, be granted on the petition of the City of Janesville.

By inserting this letter in your paper, you will much collies. Yours, truly.

blige, Yours, truly,
J W. CURRIER,
Secretary Chicago, St. Psui and Fond du Lac Railroad Co. oblige,

By Telegraph. BOSTON-Arr. May I, ships Messina, Liverpool; Auffredy, New-York; barks Lucilla, Coset of Sumatra; John Winthrop, Sa-gua; Sarange, Havana; Emma Cushing, Remedica; Ben, Burgoss, Clentueges. Left on Coset of Sumatra, Jan. 4, bark John Cas-kle, wasting for new crop of pepper.

Diansters, &c.

Schr. Frances, Fletcher, at Providence 26th from Newbern, when off Chircotesque, in the gale of 21st, lost boat, stove bulkwarse, shitted careo, and sprung aleak.

Schr. Mark Peary. Edgett, at Providence 26th, from Eastpot, off South Chempel in gale of 21st, lost about 100,000 shingles off deck, stove galley, &c.

Berg Alcends, at Newport 25th from Philadelphia for Bristol, on 26th inst. Highland Right N. N. W., took a heavy gale from N. E., which carried away main yard and split salis; threw deckload of cost overboard. 23d, Montauk Point bearing N. E. by E. 30 miles distant, passed a brig with both meats gone, in tow of a small schr. also, fell in with quantities of hard pine ship plack, supposed deckload of the brig.

Province prover E. April 27—Much anxiety is felt for the safety of schr. Empire Spring, Capt. F. W. Cook, which vessel left Portland on Menday morning last for Provincetown, just previous to the commencement of the late gale. She was a fine vessel, about four years old, 120 time barden, and valued at 46,000,out, 25,200 of which was covered by Insurance in total place. She had on coard 100 hhds sait and 200 bosh, potatoes. She was owned by Messrs. H. & S. Cook, of this place.

Notice is hereby given that the following changes have been Notice is hereby given that the loncount made in Boston Harboy, it is a last class Nun Buoy, black No. 9, has been placed on Upper Middle in the place of the Spar Buoy.

A 2d class Nun Buoy, red No. 6, has been placed on the S. E. end of Lower Middle, in place of the Spar Buoy.

The 2d class Nun Buoy, black No. 1, off Point Alderton, which was carried away in the late gale, has been replaced.

By order of the Lighthouse Board.

C. H. B. CALDWELL,

Childhouse Lampetor, Second District.

Lighthouse Inspector, Second District. Boston, April 28, 1856.

Boston, April 28, 1856.

A letter dated Hong Kong, Feb. 15, says: "The Portnesse bark Josen Idhass was lost on the Frata Shoal, svening of 31st uit, making a loss of over \$1,000,000 on this shoal during the past year; all of which might have been prevented by the expenditure for a light-house of \$5,000 or \$10,000 cost, and an expense for lights, repairs, &c., of about \$1,500 per year."

penditure for a light-house of \$3,000 or \$10,000 cost, and an expense for lights, repairs, &c., of about \$1,500 per year."

Capf. Browne of the schr. Sidney, at Houg Kong, reports the the following sheals: "With the center of Low I liand bearing S. S.E., distance about ix miles, sounded on a coral bank of seven and eight. The ship at the time going fast, could not get but two casts of the lead. It appears to be a continuation of the Diana Shoal; therefore vessels going between Low Island and Haycock, sound keep within sight of the beach of Low Island, as I could just discern the breakers from the deck on the beach of Low Island, while getting the casts of the lead."

Liverproof, April 7.—Capt. Hunter of the John Mathle, arrived 1ere yesterday, discovered a reef, not laid down on his chart, during a calm, Dec. 5, in lat 2.39 S, lon, 197 2 E, and had to another with 30 fathoms cable in 29 fathoms water, to prevent the ship drifting upon it—Gaspar Island bearing N, 45 W., north end of Pulo Leat S, 56 W., west point of Long Island early in line with a small island, west point S, 11 W., and the reef bearing S, 11 E., distance about a quarter of a mile.

Captain Pond, of the beak Julia Ann, lost on the Sellley Reefs, in the South Pacific, has furnished the Sao Francisco papers with the following statement in relation to the loss of his vessel:

"In relation to the loss of my vessel, I have few particulars to communicate in addition to those already published. But the true position of these receif I consider it extremely important to navisators to be pointed out, as they are so vaguely remisred in the charts and in the Pacific Pilots. No two authorities agree as to fleir position.

"Commander Hammend, of the British Nevy, places them in

navigators to be printed out, as they are so vagine; remarks the charts and in the Pacific Pitota. No two authorities agree as to fleer position.

"Commander Hammond, of the British Navy, places them in lon, 126° 10° W., and Blund's chart in 150° 20° W.; but their true position is lat 16° 32° S. and lon 154° 20° M. The phenometer I had every reason to believe correct. At Haantea, Castain Ready, of the French service, totid me that he had carefully surveyed the position of Scilly Read, and he gives the most casterly point lat 16° 32° S., lon, 15° 4° W.

"On my return to the reefs with Captain Letham, of schr. Edmand Packer, his chromometer placed them in long, 154–55.

W. The actual position of these very dangerous reefs is thus found to be from 50 to 10° miles to the eastward of the survey given by Commander Hammond, of the British navy, and most of the charts. They consist of a chain of low islands extending some ten miles in a north-westerly and south-easterly direction, and a reef running out on the south-east side some cight miles, including a beautiful lagoon, from which there is no passage through the reef to the sea. I should judge the reef to extend for 50 miles, nearly in the form of a circle.

"At the time the ship struck has was on the wind standing to the Lerthwead. It was blowing fast from E. S. E., and a high sear running."

MAPPITT'S CHANNEL BUOYS, CHARLESTON, S. C.—The buoys in Maditt's Channel have been proposly souls. The Beil Buoy from Aiden Rock has been taken into Glou'

Whalers.

Whalers.
